SYRUP OF FIGS
NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from objectionable quality and substance, and its acting on the kidneys, ver and bowels, without weakening r irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

BIG HANDSHAKING

The President Presses the Palm of More Than 8,000 People.

A NOTABLE RECEPTION

Not For Years Have So Many Persons Attended the White House New Year's Function.

Washington Is Favored With a Fine Day and the People Take Advantage of It.

Washington, Jan. 2.—President Roosevelt's first public reception was attended more largely than any New Year's reception in a number of years. In all 8,100 persons filed through the White House and shook hands with the president. Mr. Roosevelt on being apprised that the crowd in line outside the White House was unusually large, gave orders that the gates should not be closed until the last person desiring to do so had an opportunity to pay his respects. This is 4,400 more than were received by President McKinley last year.

The reception began promptly at 11 o'clock and it was 2:30 o'clock before the last person in line had been presented to the president and a quarter of an hour later before the reception came to an end. The weather was delightful, being clear and crisp, so that no hardship was suffered by the throng that waited for hours before gaining admission to the White House. The reception was in every way successful, the attendance not only being large but the decorations really beautiful, the arrangements perfect and the president in excellent spirits. To each person he extended a cordial "Happy New Year," and Mrs. Roosevelt was equally pleasing to each of those who filed past in the blue parlor, where the receiving party stood. Miss Alice Roosevelt was conspicuous among those assisting at the reception. A party of her young girl friends by invitation also participated in the function.

Mrs. Roosevelt looked exceedingly pretty and youthful in a white dress. The material was a very heavy white silk, corded about an inch apart. A square of Irish lace, with revers of lace trimmed the bodice, and the high collar, also of lace, was finished at the back with a rosette of white tulle. A few jewels were worn in the corsage and diamond topped combs held back the smoothly dressed hair. An ornament of white leaves in which diamond drops glistened, was also worn in the hair. Mrs. Roosevelt's right glove, which was snowy white at the start, was far from that color an hour later, but the tired little hand within it gave no evidence that its owner felt any fatigue. The bouquet she carried was of pink and purple orchids.

SIDE ISSUES

Diplomatic Corps Does Not Forget to Observe the Day.

Washington, Jan. 2.—Although there was no general New Year's day reception by the members of the diplomatic corps, some of them kept open house and entertained a large number of callers. Particularly was this the case with the legations from the Orient, the Chinese, Japanese and the Korean ministers all being "at home" to those who came. The Chinese new year does not occur until about a month from now, but Mr. Wu, following the practice of the country in which he is stationed, participated in the festivities of New Year's day and, assisted by the members of his suite, received many callers at the handsome home of the legation on Q street. Minister Wu always gives his friends a cup of tea and many of them enjoyed his hospitality yesterday.

Minister Takahira of Japan, and his wife celebrated New Year's day as they would at home, where the European calendar is used and where the new year is the greatest event of the season. The members of the legation joined in the festivities. At the Korean legation New Year's day was observed much the same as in this country. A dinner was given last evening and was attended only by gentlemen, there being no women among the household.

New Year In Mexico.

Mexico City, Jan. 2.—President Diaz received thousands of callers yesterday, including the diplomatic corps, the Pan-American delegates, who take rank as diplomats, members of congress, army and navy officers, etc. The president is in fine health and was especially cordial to the Pan-Americans.

Taking Up the Stock

New York, Jan. 2.—The office of the Northern Pacific Railway company was kept open yesterday for the receipt and redemption of the preferred stock of that company. Upward of $60,000,000 of the entire $75,000,000 of that issue of stock was received, paid for and canceled.

On to Pekin.

Shanghai, Jan. 2.—The arrival of the Chinese court at Chen Ting Fu last Tuesday has been announced. The court will continue its journey to Pekin by rail next Friday.

THE TRAIN BURNED

Disastrous and Fatal Wreck On Baltimore and Ohio.

Pittsburg, Jan. 2.—As a result of a through passenger train on the Baltimore and Ohio road jumping the track yesterday, two engine men are dead and 17 persons injured, five of whom are considered seriously hurt. The injured were all taken to Meyersdale for treatment as quickly as the relief train from Cumberland could get them there. The train which was ditched was a through passenger bound for New York. It was a fully vestibuled train composed of engine, baggage car, postal car, two coaches, sleeper and Pullman chair car. In going down the steep grade one-half mile west of Glencoe the engine, from cause not yet explained, jumped the track at the curve and the entire train piled on top of it. Probably the only thing that prevented a wholesale death-list was the fact that the heavy vestibule cars did not break up in going over the embankment. The work to rescue the injured had to be done quickly, because the gas tanks in the cars were exploded and set fire to the wreckage. The flames spread rapidly and in a short time the entire train was burned.

BY SURPRISE

Is the Way Lieut. Rhodes Took These Filipinos.

Manila, Jan. 2.—Lieutenant Chas. D. Rhodes of the Sixth cavalry, accompanied by two orderlies, when within six miles of Manila yesterday, came across 20 armed insurgents in a cuartel or barracks. The insurgents shouted "Americanos" and Lieutenant Rhodes feigned a retreat. But in reality he took the cuartel in flank and drove out the insurgents, capturing two rifles, three revolvers and some ammunition. Rhodes then burned the barracks down and proceeded to Manila.

General Wheaton's report from the Island of Samar indicates that little has been accomplished there. The attitude of the natives is even more unfriendly than ever before. General Chaffee will probably visit the island in order to investigate the state of affairs prevailing there. On the other hand, in Batangas province, the organized campaign against the insurgents is progressing favorably and speedy results are expected.

Evidence of Prosperity.

Philadelphia, Jan. 2.—An increase of from 4 to 12 per cent in the wages of about 45,000 trainmen will be made soon by the Pennsylvania Railroad company, effective from Jan. 1. It will apply to all the trainmen on the lines owned or operated by the company. The Pennsylvania Railroad company employs on its system east of Pittsburg and Erie about 90,000 men, of which number fully one-half are used in the running of trains. It is hinted that the clerical force will come in for consideration later in the year.

Will Fight It Out.

Minneapolis, Jan. 2.—The attorneys of Peter Power declare that their client will appeal from the decision of Judge Lochren dissolving the injunction against the retirement of Northern Pacific preferred in the United States court of appeals at St. Louis. George A. Lamb, Power's principal attorney, says this can be done in a very short time, not more than six or seven days. Mr. Power declares that he has just begun to fight and denies with great emphasis that he brought the suit in collusion with the merger interests.

An Unhappy Lieutenant

Ilwaco, Wash., Jan. 2.—Lieutenant James F. Beven, Eighth artillery, was found dead in bed at Fort Canby yesterday. His brains were blown out and by his side was found a revolver. It is apparently a case of suicide, though no reason is known why he should take his life. He had risen from the ranks and was a very popular officer, being the captain of the Fort Canby football team. Beven was 40 years of age and had served in the Philippines.

The Crevice Perceptible.

Vienna, Jan. 2.—In its published survey of the new year the Neue Freie Presse reluctantly admits that there is a "crevice perceptible in the framework of the triple alliance."

Bad Year For Boers

London, Jan. 2.—Official returns show that the Boer losses by killed, wounded and surrendered during 1901 totaled 14,887 men.

TERSE TELEGRAMS

Seth Low became Mayor of Greater New York yesterday.

It is now claimed that the Foraker faction will have control of both branches of the Ohio Legislature.

The Eighth-avenue Theater in New York city was destroyed by fire yesterday. One fireman was seriously injured.

The exports of the United States from the Berlin consular district during 1901 reached the highest figures ever known, totalling 30,723,008 marks.

A boiler explosion in the Sacred Heart Institute at Duluth, Minn., caused several thousand dollars' loss, and seventy people in the building narrowly escaped.

"Buzzard" Mosby, under arrest at Lexington for complicity in the murder of John N. Hawkins, confesses that his revolver was used. He implicates two other men.

J. Pierpont Morgan is engineering a deal to combine the Westinghouse Electric Company and the General Electrice Company with a capital stock of $50,000,000.

J. Pierpont Morgan broke the record of New Year's gifts. He presented his employes with $250,000, being the largest gift on record. He gave each of his men, from the office boy up a year's salary.

President Koch of the Reichsbank, is of the opinion that the business situation in Germany has really taken a turn for the better and believes the new year opens with somewhat better prospects.

PALMA ELECTED

The Cuban Election Proved to Be a Very Onesided Affair.

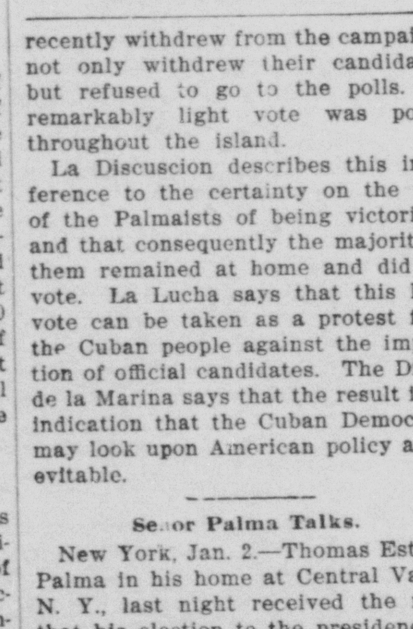
FOREGONE CONCLUSION

With the Practical Withdrawl of Gen. Maso the Casting of the Ballots Was a Mere Formality.

The Nationalist Candidate Will Receive the Unanimous Vote of the Electoral College.

Havana, Jan. 2.—The indications are that the entire Palma ticket will be elected and that Thomas Estrada Palma, the Nationalist candidate for the presidency of Cuba, will receive the unanimous vote of the electoral college.

The adherents of General Bartholome Maso (Democratic candidate who recently withdrew from the campaign) not only withdrew their candidates, but refused to go to the polls. A remarkably light vote was polled throughout the island.



TOMAS ESTRADA PALMA.

La Discusion describes this indifference to the certainty on the part of the Palmaists of being victorious, and that consequently the majority of them remained at home and did not vote. La Lucha says that this light vote can be taken as a protest from the Cuban people against the imposition of official candidates. The Diario de la Marina says that the result is an indication that the Cuban Democracy may look upon American policy as inevitable.

Senor Palma Talks.

New York, Jan. 2.—Thomas Estrada Palma in his home at Central Valley, N. Y., last night received the news that his election to the presidency of the republic of Cuba was conceded. He announced that the new Cuba would be one of work and high endeavor, that it would be his aim to strengthen the friendly relations which exist between his country and the United States and bring about reciprocity.

Porto Rican Law Makers.

San Juan, Porto Rico, Jan. 2.—The Porto Rican legislature was convened and organized here at noon yesterday. Governor Hunt gave a grand reception and ball at the palace last night in honor of the legislators. Gov. Hunt personally read his message to the legislature today.

IN THE BALANCE

That is Where Fate of Pan-American Conference Hangs.

Mexico City, Jan. 2.—The situation in the Pan-American conference continues critical and probably not until tomorrow will the fate of the gathering be known. The Chilian delegation were closeted with one another yesterday, but when seen they declined to give any intimation as to their ultimate action. If they remain firm and refuse to allow the plan of compulsory arbitration to be reported to the conference, then either they or several of the other South American delegates must withdraw. The burden of peacemaking falls on the Mexicans, as the United States delegates remain neutral. Though the latter will not sign a plan of compulsory arbitration, they have no objection to allowing such a plan being signed by some of the South Americans to be reported to the conference as long as the United States goes on record as having nothing to do with it. Still the Americans will not take an active part in procuring admittance for the compulsory plan.

A Joint Protest.

Constantinople, Jan. 2.—On the initiative of the British representative the foreign embassies here are preparing a collective note protesting against the exaction of Salonica quay dues without the previous approval of the powers.

Boer Treachery.

Pretoria, Jan. 2.—Two officers of the intelligence department who were sent to parley with Boers who desired to surrender, near Warm Baths, were treacherously shot by concealed Boers

SCIENTIFIC DISSENTER

Prof. Sedgwick Takes Exception to School Methods.

Chicago, Jan. 2.—Scientific temperance instruction as taught in the public schools from the text books now in use, together with anti-vivisection, anti-vaccination and Christian science, were denounced by Professor William T. Sedgwick, president of the American association of naturalists at a banquet last night given by members of the scientific societies now in session at the University of Chicago.

"It is a notorious and disgraceful fact," said Professor Sedgwick, "that, apparently with a view to pleasing a self-constituted oligarchy, some writers have even made alcoholic instruction the beginning, the middle and the end of their text-books. Of such books it may be truly said that they have no permanency of their own and with difficulty would be preserved in school."

President Sedgwick's address was upon "The Modern Subjection of Science and Education to Propaganda." "Scientific temperance instruction," he said, "has grown to such proportions and has gained such power as to dominate almost all instruction in elementary physiology and hygiene in America. It is right of course that pupils should be taught the danger of alcohol and narcotics, but teachers often go too far, and it even appears that all instruction in physiology and hygiene in public schools has passed to a great and unjustifiable extent into the hands and under the subjection of the temperance propaganda."

President Sedgwick believes that there should be little or no state regulation as to what shall appear in text-books. "Scarcely had science and education," he said, "freed themselves from the church ,when they began to be threatened by subjection to the state. While it is right that the youth should be taught the dangers of alcohol, I believe that it is odious and unreasonable that the exact amount of such teaching should be prescribed by law; that the method of teaching by text-books and the space devoted to it in the text-book should be legally regulated by law, but especially that the kind of text-books used should be largely determined by self-constituted and unofficial oligarchy leaders of a propaganda which is neither educational nor scientific."

Couldn't Raise It.

New York, Jan. 2.—Although the offices of the international committee of the Y. M. C. A. in this city were kept open all of yesterday, no contributions to the million-dollar jubilee endowment fund were received. The total amount remained at Tuesday night's figures, $789,750. The Rev. Richard C. Morse of the international committee, said last night that he had hopes that today's mail might bring subscriptions that would complete the fund. Of the amount subscribed fully $300,000 is conditional on $1,000,000 being raised by Jan. 1. Subscriptions sent in letters that had been mailed before Jan. 1 could be included in the fund, and that leaves a bare chance that the million may be raised.

Wanted the Violins.

San Antonio, Tex., Jan. 2.—H. H. McLane, a wealthy citizen who is an enthusiastic collector of old violins and who owned a Stradivarius of 1721 make and a Wilhelm Guthman violin, the first valued at $25,000 and the second at several thousand dollars, was robbed of them by a stranger yesterday who had been endeavoring to purchase them. The man called at McLane's house and on pretext of desiring to play a certain air on the instruments, got them in his hands and while McLane's back was turned, darted from the house, carrying the two violins with him. He has not been heard of since. McLane has offered a large reward for the instruments.

He Wasn't Guilty.

Ardmore, I. T., Jan. 2.—Phillip Barrett, a stenographer of this city, held by the authorities pending investigation of the death of Mrs. Emhart, has been released from custody. Mrs. Emhart was found dead in Barrett's backyard, and the police, it is said, alleged that Barrett assaulted her. The autopsy showed that Mrs. Emhart died of natural causes and that Barrett was in no wise connected with what was supposed to be a murder.

Trains Come Together.

Keithvill La., Jan. 2.—One life was lost, two persons were seriously injured, and part of a car of valuable race-horses enroute from the winter meeting at New Orleans were destroyed in a disastrous collision between Texas Pacific fast freight No. 67 and a Houston, East and West Texas freight on the siding at this place yesterday. Twelve cars of the Houston, East and West Texas train caught fire and burned to the trucks.

At the Crossing.

Chicago, Jan. 2.—Five persons were seriously injured, one fatally, in a collision between a carriage and a Halsted street electric car at 53rd street last night. The surrey which was demolished was occupied by Samuel Fuller, his wife and four children. All suffered broken bones and bruises and little Helen Fuller was crushed so badly by the car that she cannot recover.

Fatal Sequence.

Kalispel, Mont., Jan. 2.—Section Foreman Sullivan of the Great Northern, while in a drunken rage, killed his daughter and seriously injured his wife at Jennings, Mont. A special train sent from here with doctors ran into the ditch, killing the engineer and seriously injuring the fireman, brakeman and doctor.

AT THE CROSSING

Prominent Wabash County Farmer and His Daughter Killed By Train.

THREE IN A BUGGY

Of These One Miraculously Escaped Death Though Tightly Wedged In the Wreck.

Jacob Trick and Daughter and a Relative Caught On a Big Four Crossing.

Wabash, Ind., Jan. 2.—An engine on the Michigan division of the Big Four, attached to a caboose and running at rapid speed, struck a vehicle in which Jacob Trick of Lagro township, his daughter and a Mrs. Kelly were riding, eight miles north of Wabash, yesterday afternoon. Miss Trick and her father were killed and Mrs. Kelly badly hurt.

Mr. Trick and a relative, Mrs. Kelly, and Mr. Trick's daughter were driving home from Urbana, where Mr. Trick had gone to meet Mrs. Kelly and Miss Trick, who came up from the south on the passenger train. As they went on the crossing Engine 343, with two cabooses, approached at a high speed. Signals were given for the crossing, but were not heard by Mr. Trick or his companions, and in an instant the rig was demolished and all three occupants, with the top of the buggy, lodged on the pilot. Mr. Trick was thrown back against the boiler head, Mrs. Kelly was on top of him, and Miss Trick rested on the drawbar projecting from the pilot. The engine was stopped immediately by Engineer Myers and he and his fireman ran around and dragged the buggy top away. Beneath was tightly wedged Mrs. Kelly, who was considerably bruised but not seriously hurt, while Miss Trick was taken unconscious from the drawbar. Her skull was fractured and she was otherwise injured and did not regain her senses. Mr. Trick's injuries terminated fatally some hours later.

A STRANGE DISEASE

Is Playing Havoc With Montgomery County Cattle.

Crawfordsville, Ind., Jan. 2.—Many cattle are dying in this county from a mysterious disease that resembles blackleg. Many farmers believe that there is some kind of poison in the cornstalks, the theory of overfeeding being untenable because of the fact that cattle turned out but an hour or so a day die just the same as those that feed all day. A good many cattle are also dying of blackleg, and as a precautionary measure some of the farmers are having their cattle vaccinated. Nothing seems to check the new disease, however, and it always results fatally.

Brought It On Himself.

Linton, Ind., Jan. 2.—A negro named Hensley was riddled with bullets by a crowd of miners at Island City, a mining camp near here, late yesterday afternoon, and the feeling is so general that he deserved death that probably no arrests will be made. He had quarreled with several miners and in a fight managed to hold his own although badly beaten. Later he went to the scene and renewed the quarrel, threatening to shoot anyone who approached him; thereupon the miners began shooting at him and he was struck by eight or ten bullets and killed instantly.

He May Not Die.

Yorktown, Ind., Jan. 2.—Willard Miley, who attempted suicide by shooting himself above the heart with a Flobert rifle, is improving. There is some chance of his recovery. Miley claims he shot himself because of trouble with his wife. She was notified while at Gas City and is at his bedside.

Wasn't a Sensation.

Warren, Ind., Jan. 2.—The finding of a skeleton in the garret of the Christman farm home, out of which sensational writers have tried to build a tragedy happening years ago, has been explained. It was placed there 20 years ago by a medical student, who did not finish his course.

Baby Glass Eater.

Logansport, Ind., Jan. 2.—The 16-months-old child of Dennis Vernon, nursing from a long-nippled bottle, pulled the stopper from the bottle and bit off a piece of the glass tube, which he swallowed. The child is still living, apparently none the worse for its unusual diet.

Fell From Train.

Terre Haute, Ind., Jan. 2.—George Pickerill, a Vandalia brakeman, fell from his train at Judson on the Michigan division, and was alarmingly injured.

Struck By Train.

Urbana, Ind., Jan. 2.—Mr. and Mrs. David Trick and child, while driving across the railway tracks, were struck by a passing train and severely injured.

He Didn't Get Away.

Washington, Ind., Jan. 2.—James Felts, who attempted to murder his wife, using his razor and slashing her horribly, has been captured at Cairo, Ills.

aved his Mother.

Anderson, Ind., Jan. 2.—Mrs. Hevelin was pumping water fro old well when the platform broke an she fell 15 feet into eight feet of water. Her youngest son witnessed the accident and called his 16-year-old brother, who rushed to the well, slid down the pump stock and held his mother's head above the water until more help came. Mrs. Hevelin may die from the severe shock, as her hip and ribs were broken.

A Good Year.

Indianapolis, Jan. 2.—Real estate men have been looking in their books and ransacking their memories to learn when it was, if ever, there was a better year for their business than the one just closed. The total amount represented by the transfers was nearly $13,100,000. In 1900 it was $10,770,954.87, and the year before $9,909,506.34.

Brazil Getting Good.

Brazil, Ind., Jan. 2.—A wave of morality has reached police circles, and the city marshal is closing the gambling dens, and is giving some attention to the Nicholson law. The marshal claims that he wanted to enforce the law from the start, but was held back by a committee of the city council.

Accomplice Confesses.

Oxford, Miss., Jan. 2.—At the trial of Orlando Lester for being an accomplice in the murder of the two Montgomerys, yesterday Lester testified that he held a lamp while Will Mathis shot Hugh Montgomery with a shotgun. Lester stated that Will Mathis sent him for the guns and that Whit Owens had loaded the shotgun with buckshot and told him to be sure to kill both officers. Lester also states that since he had been confined in the Oxford jail he had received a note from Will Mathis saying that if Lester would admit doing the shooting and take all the blame, Will Mathis knew he would be released and he would then get together a mob and set Lester free before he could be hanged. Lester was found guilty of murder in the first degree. The jury was out 15 minutes.

Gov. Rogers' Funeral.

Tacoma, Wash., Jan. 2.—The body of John Rankin Rogers, third governor of the state of Washington, was yesterday laid to rest in the Hillside cemetery of Puyallup, with full military honors. Thousands of people thronged the streets and there was hardly a house in the city that was not draped in black.

After Nashville Gamblers.

Nashville, Tenn., Jan. 2.—Writs were sworn out yesterday for the arrest of 40 alleged gamblers. The warrants were issued on the affidavit of F. K. Odil, a brother of Guy Odil, who recently lost $3,000 in the gambling houses of this city. The warrants charge the defendants with various felonies.

Dangerous Winter Sport.

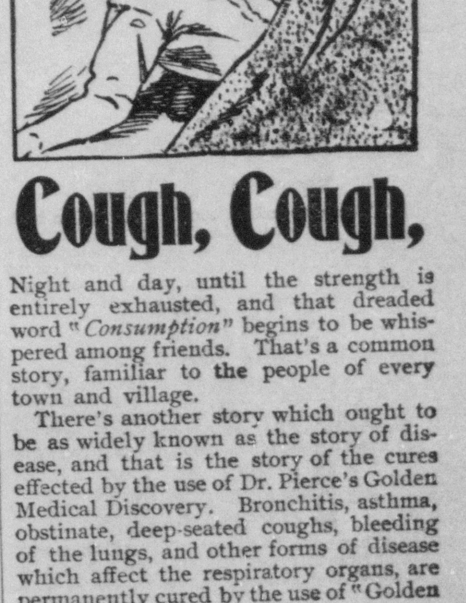
Madison, Wis., Jan. 2.—The iceboat races on Lake Monona yesterday came to a rather sudden and tragic end when one of the boats flew into a crowd of spectators, fatally injuring John A. Fiscus, a butcher, and severely injuring Colbert Sullivan and Willie Spencer, young boys.

Bad Incendiary Blaze.

Texarkana, Ark., Jan. 2.—Fire nearly wiped out the town of Foreman, 30 miles north of here on the Arkansas and Choctaw railway yesterday. The loss was $32,500 and most of the losers were insured. The fire was of incendiary origin.

Change In Old Firm.

New York, Jan. 2.—After a continuous service of nearly half a centu the law firm of Evarts, Choate & B man, Joseph H. Choate has withdra and temporarily at least, will discontinue the practice of law.



Cough, Cough,

Night and day, until the strength is entirely exhausted, and that dreaded word "*Consumption*" begins to be whispered among friends. That's a common story, familiar to the people of every town and village.

There's another story which ought to be as widely known as the story of disease, and that is the story of the cures effected by the use of Dr. Pierce's Golden Medical Discovery. Bronchitis, asthma, obstinate, deep-seated coughs, bleeding of the lungs, and other forms of disease which affect the respiratory organs, are permanently cured by the use of "Golden Medical Discovery."

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both night and day. My friends all thought I had consumption. My wife insisted on my trying Dr. Pierce's Golden Medical Discovery—which I did. I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for book in paper covers or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

THURSDAY, JAN. 2, 1902.

SEYMOUR extends a hearty welcome to the Jackson county farmers institute, which is holding a two days session in our city.

THE people of Seymour should contribute everything possible to the success of the farmers institute. Attend the session tonight. The program will interest you whether you are a farmer or not.

Oysters, celery, sweet and sour pickles and honey at Hancock's.

Political Brevities.

Jos H. Shea went to Columbus this afternoon to meet with the democratic hosts of the fourth district and to sample Peter E. Wills brand of wine. Mr. Shea will respond to the toast—"The Monroe Doctrine"—at the banquet tonight.

† † †

It seems to be the understanding that Oren O. Swails will be appointed deputy prosecutor at Seymour by Prosecutor Hudson. Mr. Swails has been in the office with John M. Lewis for more than a year and is a very clever young man.

Lincoln Dixon, of North Vernon, was reelected democratic chairman of the Fourth congressional district at Columbus this afternoon.

FEARFUL SUICIDE

Madison County Woman Sets Fire to Her Clothing.

Anderson, Ind., Jan. 2.—A. J. Applegate of this city was advised from Perkinsville yesterday that his daughter, Mrs. Hattie House, wife of David House, was dying of burns, self-inflicted. Mrs. House was found lying unconscious in the road with her clothing burned off. A few minutes later she rallied and said that while alone at home she was overcome with an impulse to commit suicide. She poured half a gallon of kerosene on her dress, and then applied a match. Enveloped in flames she ran into the yard. Mrs. House said she supposed she was temporarily insane, and begged the physicians to save her life. Their efforts were fruitless, however, and Mrs. House died after suffering much agony.

They Fear Foul Play.

Terre Haute, Ind., Jan. 2.—The mystery surrounding the disappearance of Walter Musser, the proprietor of a restaurant at Rockville, who was last seen in this city Friday, continues. The father and the son's wife knew that he had about $500 when he left Rockville, and they believe he has been foully dealt with. Musser is about five feet eight inches tall, has dark brown hair, wears glasses, and has a scar on the left cheek. His father says he has a steady, businesslike character, and he knows no reason for his leaving home.

Killed By His Own Gun.

Greenburg, Ky., Jan. 2.—William Goddard, a prominent young business man, was killed while hunting yesterday, by the accidental discharge of his shotgun which he was cleaning.

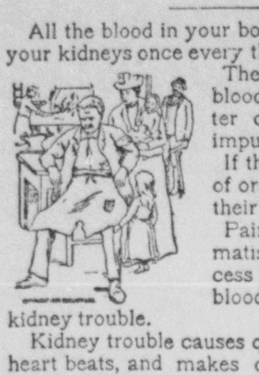
Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.



The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

December Weather and Crops.

The past month was the coldest December of record here, dark and wet, with a week of phenomenal low temperature from the 15 to the 22. The warmest day was the 13, with a mean 49 degrees above zero; the coldest was the 15, with a mean of three degrees below. The mean temperature for the month was seven degrees below the normal, and on seven days the minimum reading was zero or lower, the lowest reading being eleven degrees below on the 15 and 16.

The excess in precipitation was two inches and the snowfall was unusually heavy for the first winter month. A thunder storm on the 13 was accompanied by a gale of wind and a considerable fall of hail. A solar halo on the 12 and solar coronas on the 1, 5 and 19 were noted. The wheat and grasses were well protected by and during the period of severe freezing and both are in good condition, and live stock are in a thriving condition.

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, you are certain to be delighted with the prompt relief which they afford For sale by C. W Milhous.

Gas in Bartholomew.

The gas well on Rome Springer's farm east of Elizabethtown was shot Tuesday. The results were sufficient to cause Elizabethtown residents to see visions of a great city which is now only a pleasant little village. The presure at the well is said to be about 325 pounds, which is a good well if that presure continues.

Miss Mina Weaver after visiting her parents here during the holidays, returned to Indianapolis last evening to resume her studies in the Shortridge High School.

Where is Densford?

The REPUBLICAN is informed that W. W. Densford, trustee of Jackson township, has not been at his office since Sunday. Where he is no one seems to know. A representative of the REPUBLICAN called at the trustee's office today and was told that Mr. Densford left a note there Sunday evening that he was going out of town, but would be back Wednesday. Up to 2:30 this afternoon he had not been back so far as we could learn. No one in Seymour seems to have seen him since about 5 o'clock Sunday evening. Mrs. Densford knew that he was going out of town, but thought he was going to Vernon township to see his mother, who is in poor health, but relatives from there in town today say he has not been there.

So his absence has not been explained to the REPUBLICAN. His friends expect him to return quite soon and the REPUBLICAN has been given no reason why he should stay away.

FARMERS' INSTITUTE.

Thursday Morning Session---A Good Attendance.

The Jackson County Farmers' Institute convened in annual session at Armory Hall, this—Thursday—morning, with a very good attendance.

Chairman Oscar E. Carter presided, and the session was opened with an invocation by the secretary, Mrs. R. R. Short.

The first number, an intelligent and practical presentation of the subject, "My Experience with Pure Bred Poultry," by H. C. Dannettell, of Seymour, was listened to with close attention. The different strains of pure bred fowls, their care, breeding and marketing, were discussed in an interesting and instructive way.

The general discussion was opened by John Auld Forsythe and continued in an earnest and spirited manner by Mrs. R. R. Short, Mrs. Ella Robertson and the Chairman.

Milton Johnson, of Washington township, followed in an earnest and close consideration of the theme "Poultry for Market." The speaker considered the matter of egg production as the most important from his view point, and care, shelter, feed and protection of chickens and turkeys were the chief subjects of his forceful remarks.

The discussion of this subject was continued by J. W. Houchen, who favored cross breeds as the best and most profitable, and H. C. Dannettell who favored thoroughbreds.

Prof. D. I. Duncan failed to be here, but his place on the program was ably and well filled by Miss Laura G. Day, of Purdue University, who discussed "Food for the Family" in an earnest, intensive and very practical, womanly way replete with instruction and interest. She was "at home" here, and her pleasing presentation was the practical home talk of one familiar with good home keeping.

Miss Merica Hoagland, of Indianapolis, came next in a short, comprehensive and instructive talk about the Public Library Commission of Indiana, of which she is the State organizer.

C. M. Hobbs, of Marion county, followed wtih a well prepared and cleverly presented discussion of "Fruits for the Farm," their necessity, varieties, culture, and their good results as to healthful food products, pecuniary profits, etc. Fruit culture is as easy as the cultivation of any other farm product and it certainly is one of the most profitable.

"Home Sanitation" by Mrs. J. W Bates, of Broad Ripple, was the very homely subject that was discussed and considered in a manner and with the force of one who has been for a long time a successful home maker. Good ventilation, pure water, fresh air, abundant sunshine and absolute cleanliness were the chief, indispensable reliances for good home sanitation. A general and spirited discussion followed the presentation of this subject.

The morning session closed with an intensive and energetic "Fighting the Hessian Fly," by H. C. McMahan, a very practical farmer of Union county. The nature, habits, growth and movements of this most destructive of all wheat pests, were considered in turn; and rotation of crops, late sowing, top dressing with lime and other remedies were suggested, by the speaker and in the following discussions.

Add a Saw Mill.

The Seymour Chair Factory has purshased a saw mill which they will operate in connection with the factory. It will be set up adjoining the factory and operated by the same power. They will buy logs and saw much of the timber used in the manufacture of chairs.

A Lucky Bargain.

It is said that a foreman stereotyper in a London printing works has had a curious windfall. Going to a sale of musical instruments, he purchased an old harpsichord for 20 shillings, because, having a hobby for fretwork, he fancied the wood of the front panel. When he got his purchase home, he dissected it. He then discovered that the harpsichord had a double back, and presently between the boards he found very old Bank of England notes the total face value of which amounted to £30,000.

Have Had a Busy Year.

Invoicing has been going on at the Seymour Woolen Mill the past few days. The taking of stock was completed Wednesday but the footings have not all been completed. This mill consumed more wool during 1901 than any previous year in its history. Nearly one million pounds of wool were consumed during the year. Most of this wool was purchased in Indiana, but some was bought in Illinois, Ohio, Kentucky, Michigan and the territories. The mill was in operation 288 days with an average run of nine and a quarter hours daily. This is certainly a great industry and of vast importance to our city.

A wool grower who sells his clip to this mill says that he has been keeping a flock of fifty to seventy-five sheep on a clay farm for five years years and that he has not only made more out of his flock than out of the grain raised on that kind of land but that he has also enriched the soil and freed the farm from sprouts and noxious weeds.

Out And In.

With the passing of the old year there were a few official changes in Jackson county.

W. W. Isaacs became county treasurer to succeed Alex Greger, who has filled the office quite acceptably for a little over four years. Mr. Greger was presented with a fine gold watch by the other county officers as a token of their esteem.

F. W Buhner, of Seymour, who has been county commissioner for six years, was succeeded by John Murray, of Redding township.

Thos. M. Honan, of Seymour, who has been prosecuting attorney for a little more than six years, gave way to Simeon Hudson, of Salem. Mr. Honan discharged his duties well and as he retires from office has the best wishes of his numerous friends over the district.

Kodol

Digests what you Eat

Dyspepsia Cure

Many digestive compounds and tablets are recommended to cure dyspepsia by digesting food with the pepsin they contain. Most of these possess merit, but they all fail in many cases, because pepsin digests only albuminous foods, such as eggs and meat. But we must eat more than eggs and meat; and some of the worst cases of dyspepsia are caused by indigestion of fats and starches and other foods which pepsin cannot digest.

There is one preparation that contains all the digestants. It is KODOL DYSPEPSIA CURE, which digests what you eat, and has been used with remarkable success,—not a single failure to cure being reported from the many thousands who have used it.

J. E. Peabody, Pitcairn, N. Y., says: "The first dose of Kodol Dyspepsia Cure relieved my son of stomach and heart trouble, and four bottles of it cured him. I heartily recommend it."

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The $1. bottle contains 2½ times the 50c. size.

When you suffer from biliousness or constipation, use the famous little liver pills known as **DeWitt's Little EARLY RISERS.** They never gripe.

ANTIOCH.

Many of the neighbors enjoyed themselves at the 'phone at Manford Callahan's Sunday night.

We notice an item in the REPUBLICAN from the Cana correspondent last week wanting to know what the use of a corn shredder was. We thought there were intelligent people at Cana, who would not think that a corn cutter would come into a community to hold protracted meeting. So I want to explain to you what the purpose of that machine's coming. It was to cut the fodder in small pieces so that your stock wont require very good teeth to eat it.

Jefferson Thomas of near Clay City spent the holidays visiting relatives here.

Several from here have been suffering severely with lagrippe and sore throat.

Manford Callahan has improved his residence by having a 'phone put in.

Isaac Kelsey's little son who has been staying at Indian Springs has come to his home at this place.

The Saints only held meeting about five nights on account of the inclement weather and by Rev. Reynolds holding meeting at Maumee.

We were grieved to hear of the death of Mr. Henderson near this place. He had many friends here who sympathize with the bereaved family.

Bird Hatten was visiting in this section Saturday and Sunday.

Alvin Vincent and wife and Charles Vincent attended the Wells-Spray wedding last week at Acme.

Everett Goss and wife spent Sunday in Mant Callahan's family.

Alvin Vincent and wife went to Brownstown Tuesday.

Mant Callahan made a busines trip to Brownstown Monday.

Alvin Vincent is building a new shed. Isaac Kelley is helping him.

Curt McHargue is improving slowly of rheumatism.

E. Beavers is moving his saw mill into the Ewing hollow.

Alvin Vincent and wife, Mrs. Amanda Martin and Jefferson Thomas visited in David Hawkins' family.

Curt Deal who has lately returned from Illinois visited in David Hawkins' family Saturday night.

Ye scribe will get to report a wedding soon.

Charles Vincent visited friends at Kurtz Saturday night and Sunday.

Isaac Kelsey is helping Alvin Vincent build his new shed.

TOLD IN SEYMOUR.

It's the Evidence of Seymour People Published in Seymour Papers that Has Made Such a Reputation for Dr. A. W. Chase's Nerve Pills.

Standing clear and distinct, marking the difference, the superior merit, the adaptability to present day ailments is the volume of local testimony for Dr. A. W. Chase's Nerve Pills. It is so different to the ordinary remedies referring to cures made at distant points which it is hard to verify. There is a reason for Dr. A. W. Chase's Nerve Pills commanding home evidince wherever they are known. It is their wonderful influence in bringing up the standard of Nerve force. Mr. Phillip Briner, of No. 572 Pine street, south, Seymour, Ind, says: "I have been troubled for some time with severe nervousness and dizziness. I heard of Dr. A. W. Chase's Nerve Pills and got a box at A. J. Pellen's drug store. Now after using them I can say my nervous system has been toned up and as a result I am relieved of the dizziness. I consider these pills an excellent nerve medicine.

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

WIRT—William A. Wirt died Wednesday at the home of his sister, Mrs. R. M. J. Cox at Brownstown, aged 74 years. He contracted pneumonia when he attended the funeral of Mr. Cox on Christmas day. He was born in Brownstown and lived there most of his life. In 1854 he made an overland trip to California. The funeral will be held from the residence of Mrs Cox at Brownstown, Thursday, at 1:30 p. m.

A CASE OF IT.

Many More Like It in Seymour.

The following case is but one of many similar occurring daily in Seymour. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

James Pollard, of Cincinnati Ave., railroad employe, says: "For many years off and on I suffered from lameness across the loins and sharp twinges of pain in my back ever time I made a sudden movement. I could lift nothing of any weight and there was lack of ambition to do anything. At times the pains felt as though some one was plunging a bradawl into me. Any little cold or exposure brought on an attack and caused me acute suffering. I had heard about Doan's Kidney pills and procured them at C. W. Milhous' drug store. They proved just the remedy I needed and soon relieved me of the whole trouble. My kidneys have been regular and normal ever since and I can sleep all night without being disturbed."

For sale by all dealers, price 50 cts Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

PEA RIDGE.

Miss Oma Patrick, of Honeytown, is visiting the family of Benj. Roberts

The little daughter of Curtis Shields and wife is very sick with the croup.

Garie Roberts, who is employed at Marion, is here spending the holidays with his parents, Benjamin Roberts and family.

The little two years old son of Drusy Roache died last Thursday of pneumonia and was buried at the Hinderlider cemetery Friday.

B. F. Henderson and wife and son, Stanford, of Freetown, visited Mrs. W. S. Plummer Friday and Saturday.

Will Sullivan and brother, George, were on the Ridge Sunday.

T. J. Holmes was at Bedford last Thursday on business.

Misses Flora Weddle and Cora Martin, of Tunnelton, are spending holidays at home.

The young people enjoyed a taffy pulling at Benjamin Roberts Monday night.

The protracted meeting at the Church of Christ closed Sunday night with one addition. Evangelist D. A. Sommer left for his home at Indianapolis Monday.

MARTIN.—William Martin was born July 27, 1810, died December 29, 1901, age 91 years, 5 months and 2 days. He was married to Margaret E. Johnson. To this union were born eight children,—four sons and four daughters,—of whom five remain to mourn their father's death. His wife departed this life February 4, 1898. He was widely known as a fine gunsmith. Many of his make can be found over Southern Indiana and some in the far west. When a man had a gun with his name branded on it he knew that he had one of the very best. He united with the Weddleville church of Christ in his eighty-second year. He lived a faithful christian ever looking forward to the heavenly goal beyond this life. The remains were laid to rest in the new cemetery at the church of Christ, Elder D. M. Brown officiating.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Pendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instanee was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by C. W. Milhous.

The Sunday school will elect new officers and teachers January 12. Let everybody come out to Sunday school next Sunday. We must not let our school go down. Let's take a new start with the new year and see if every scholar can not do better than in the past year. Let all the boys who go rabbit hunting and play around the river and mill go and be better boys.

We hear the saints are holding a big meeting up on the rock.

Remarkable Cure of Croup.

A LITTLE BOY'S LIFE SAVED.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got the bottle of cough medicine, my boy would not be on earth today.—JOEL DEMONT, Inwood, Iowa, For sale by C. W. Milhous.

CARMI, ILL.

Wheat seems to be badly damaged by the recent freeze.

Weight & Smith had a break at their mill last week. which retarded business for a few days. A man from Mt. Vernon, Ind., came over and put things in shape again.

Mr. and Mrs. O. H. Smith and Marion Wheeler went to Enfield Thursday to visit relatives. They returned Friday.

Herman Beckwith, aged one year, nine months and eight days, son of Mr. and Mrs. J. M. Beckwith, died of congestion Dec. 22. Interment at Maple Ridge cemetery the following day.

Mrs. Fannie Quigley, of Gallatin county, visited relatives here recently.

Harry Ross who has been employed near Medora for several months, is now at Carmi.

Mr. and Mrs. J. W. Smith, each of whose children live in different parts of the county, had a family reunion Christmas day. The reunion was at the home of their son, Robert, on account of the illness of his wife. They were all present except their son Samuel, who was detained at his place of business on account of a break at his mill: A turkey was disposed of and the day spent very pleasantly withal.

Mr. and Mrs. George Simons visited the latter's parents, Mr. and Mrs. Isaac White, in Enfield Christmas: and Mr. and Mrs. James York and Mr. and Mrs. Hiley Poor, at Wendell Poor's, in Enfield the same day.

J. M. Smith of Enfield was at Carmi Saturday on his way to Epworth Returning Sunday he took dinner at Stocker Wheeler's.

Mrs. Marion Wheeler who has been indisposed for some time, is better.

Orville, five-year-old son of Marion Wheeler, has been quite ill but is better.

Frank Reedy returned to Granite City the first of the week. It is said that he helped eat turkey at the home of a very dear friend not far from Carmi.

A Cure for Lumbago.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." Sold by C. W. Milhous.

OFFICIAL CALL.

Republican State Chairman Calls for Reorganization of Party.

The following official call for the reorganization of the Republican State Committee has been issued by Chairman James P. Goodrich and Secretary Warren A. Bigler:

"The republicans will meet in their respective townships, precincts or wards on Friday or Saturday, the 10th or 11th days of January, 1902, at such times or places as the county committee may agree upon, for the purpose of transacting the following business:

"1. For the election of one precinct committeeman for each voting precinct throughout the State.

"2. For the election of delegates and alternates delegates to the district conventions, to be held on Wednesday, the 15th day of January at the places hereinafter designated for the selection of a district committeeman for each congressional district of Indiana. All meetings in any county must be held on the same day. In case the county committee in any county shall determine to hold a county mass meeting for the election of such precinct committeemen and delegates to such district convention, such county convention shall be held on said 10th and 11th days of January, 1902, to elect such precinct committeemen and delegates as above provided.

"Precinct meetings must be held in the precincts, ward meetings in the wards, and township meeting in the townships for the selection of such precinct committeemen and delegates.

"Notice of such precinct, township, ward or county mass conventions shall be given by the republican county committee by publication in the republican press of the county at least ten days before the day fixed for the holding of such conventions. The precinct committeemen so elected shall constitute the members of the republican county committee and such county committee shall meet on Saturday, January 11, or Monday, January 13 1902, at the county seat of their respective counties, at such times and places as shall be determined and published by the county committee, for the purpose of reorganization by the election from their number or otherwise of a chairman, vice-chairman, secretary and treasurer, and the officers of said committee, together with three or more persons to be appointed by the chairman, shall constitute the executive committee of the county committee so organized.

BASIS OF REPRESENTATION

"Representation to the district convention for the purpose of selecting a member of the State committee shall be one delegate and one alternate delegate for each 200 votes cast and for each additional fraction of more than 100 votes cast for Hugh H. Hanna for presidential elector at the November election, 1900. Such aggregate in the respective counties will be apportioned by the county committee to the severa townships, wards or precincts as nearly as may be upon the basis of the republican votes cast in such township, ward or precinct as aforesaid, such apportionment to be published in the notice heretofore provided for.

"The delegates chosen to their respective district conventions will meet on Wednesday, the 15th day of January, 1902; the place and time of such meeting to be published by the member of the State committee in their respective districts.

"At each of the district meetings, no other business will be transacted than that above designated.

"The members of the State committee so elected will meet at the republican headquarter in the city of Indianapolis, at 2 o'clock p. m., on the following Tuesday, the 21st day of January, 1902, for the purpose of effecting a permanent organization.

"It is urgently requested that the republicans of the State attend these meetings and assist in the reorganization of the Republican party."
